## **Amsphere Teams Walk through the Night for Charity**

Teams from Amsphere, the delivery assurance and software testing consultancy, have recently completed the Lyke Wake Walk. The walk is 40 miles long and must be completed non-stop in less than twenty-four hours, ([www.lykewake.org](http://www.lykewake.org)) it also includes climbing over 5000ft along its length. The teams were raising money for Amsphere's charity of the year ICAN. One team started at 7pm in the evening and walked through to 3pm the next day, the other started early in the morning and ran most of the way.

**“Amsphere raise money regularly for charity and do a large charity event every year. Amsphere want to make a difference and believe it is the responsibility of both individuals and the business to give back to those in need. Last year Amsphere sponsored HOPE HIV as their charity of the year and raised over £20,000” commented Ricky Shankar CEO Amsphere.**

Amsphere is supporting I CAN, the children's communication charity, via the High Sheriff of Greater London's Appeal.

We offer services based upon:

- **Independent Programme Assurance and Compliance**
- **Managed Independent Testing**
- **Service & Operational Readiness**
- **Software Dispute Prevention**
- **Knowledge Risk Mitigation, Training & e- learning**

## **I CAN**

Amsphere is supporting I CAN, the children's communication charity. Everything we learn as children, and achieve as adults, depends on our ability to communicate. Yet upwards of 50% of children, in some deprived parts of the country, are starting school with poor speech and language skills. Of these 10% or 1.2 million children have speech and language difficulties either as a specific language impairment or as the result of another condition such as autism or cerebral palsy.

I CAN help children across the UK through their network of accredited nurseries, special schools and assessment centres; they inform parents and support families; they train teachers and provide outreach to children in mainstream schools. Their pioneering services change children's lives.
